**May 10
Noel Adams
OSF HealthCare**

Cathy Foes introduced Noel Adams, Vice President of Academic Collaborations and

Operations at OSF HealthCare, as today's speaker. Noel presented a very fast-paced and informative presentation on innovation and areas of focus for OSF. As innovation has evolved over the past several years, OSF has focused its efforts on alignment with their mission and strategic goals. They have looked at the challenges patients, providers, and businesses face in health care and defined five areas to encompass their efforts. These include big data and the internet of medical things, community health and social determinants of health, genomics and precision medicine, next generation primary care, and radical efficiency. Noel quickly covered examples of each and then defined "innovation" as it applies to their practices. She touched on their innovation labs that are helpful for all clinicians and Jump STEAM, a program that helps kids understand all careers in health care. Kids have the opportunity for field trips, on demand

LOVE OUR COMMUNITY GRANT RECIPIENTS

Congratulations to our first "Love Our Community" grant recipients for 2022! Terry Robison accepted a donation on behalf of Flags of Freedom I-80 and briefly discussed their organization. Mary VanKeulen accepted the donation for The Believe Foundation and talked about how the money is used to support local cancer patients. These grants are made possible with the funds raised at the annual auction and other events.
