**March 12 Program - Deb Wood  
 Bureau/Putnam  
 Emergency Preparedness  
 Community Partner  
 Group**

Lynn Olds introduced Deb Wood to share information

about this emergency preparedness group. Deb is a nurse with 40 years of experience, having also worked as an EMT and paramedic. Deb noted that the emergency preparedness group was "born" after 9/11. There were many communication issues among the various partners in the disaster, but they all used different "language" and acronyms, there were no disaster plans, and there was no one singly in charge, leading to some chaos. Deb, along with Lisa Clinton and Terry Madsen, were tasked with putting together this local coalition. There are many collaborating agencies including the health department, hospital, sheriff and police, fire department, MABAS, C5, Red Cross, hospice, Gateway, the Senior Center, coroner, and more. Deb talked about the Euclid Chemical fire in Sheffield and how they spent more than 48 hours in incident command. The partner group has a 3-year

plan. In the first year, they have a table-top exercise. It's discussion only, but everyone learns and there are "take-aways" from the time spent together. In the second year, there is a functional exercise/activity where the group continues to learn and puts all the pieces together based on the disaster. Then, in the third year, they have a full-scale exercise. This fall, they will simulate a train accident — Amtrak vs. a freight train. The group then discusses the scenario after the fact and the cycle is repeated. This community partner group meets on the 4th Tuesday of each month. Deb concluded her presentation with Q&A. She touched on the Thanksgiving Day Amtrak accident in 2018, as well as COVID, and how everyone worked together for the best possible outcomes.

*Words from a Rotary global grant scholar: "During my time as a Rotary scholar, I learned to look at development differently. We often think of international aid in terms of poverty reduction, and we often see poverty reduction in terms of dollars spent and earned. The anthropology of development aims to analyze global aid in another way. We pay particular attention to how initiatives play out on the ground to determine just what local communities' needs are and how those needs might be met sustainably and, eventually, autonomously . . . Rotarians understand that to have the most impact, we need to learn from other cultures. As global grant scholars, that's what we aim to do — during our studies, and afterward."*

~ Levi Vonk, a global grant scholar and later a Fulbright fellow to Mexico
